

Future Forestry Workers Career Day

- Half-day of hands-on activities & exhibits highlighting career opportunities in the forestry industries, while talking to industry professionals about current job opportunities in the industry.
- Learn about forestry, reforestation, logging, trucking, diesel mechanics, operating heavy equipment & wildland firefighting.
- Opportunities for up close experience with today's state-of-art technologically advanced logging and forestry equipment.
- Self guided tour of the equipment show or sign up for a tour guide
- Observe young adults as they participate in forestry skills.
