PROUDLY PRESENTS THE INAUGURAL

“Saluting Stories of Service” Celebration

Saturday, March 9, 2019 ★ Hilton Scottsdale Resort & Villas

**Veterans Heritage Project Connects Students with Veterans™
in order to Honor Veterans, Preserve America’s Heritage and Develop Future Leaders.**

The “Saluting Stories of Service” celebration dinner highlights a student and veteran interview pair, and honors an outstanding veteran or community leader with a “Storyteller’s Award” for sharing stories of dedication and service to our country; making a positive impact in the community and the development of youth. The evening concludes with dancing to big band swing music. We anticipate 300 guests including VHP student alumni and families, educators, community leaders and local dignitaries, active duty military and veterans, including Medal of Honor Recipient Sammy Davis, known as the “real Forest Gump”.

Program Overview

Veterans Heritage Project’s after-school character education program allows middle school, high school, and community college students to become immersed in one-on-one personal accounts of heroism and service to our country, while learning leadership skills and developing a passion for history, writing and civics. At the same time, the program allows veterans to continue to serve by imparting the wisdom that can only be shared by individuals who sacrificed for the freedom of our nation.

“This is the first time since 1969 that I even let that door open in my mind. Being able to express myself and talk about Vietnam (during the interview) is probably the best thing that has happened to me. On behalf of all Vietnam veterans, today (book reception) marks to me our welcome home. Thank you for making this possible.” - Veteran, SYA Vol. 12, Edition I

“I have become a better listener, more intelligent, respectful, and observant. Each of my veterans showed me how one can persevere through impossible situations.” -- 2016 Graduate

“My veteran taught me about respect, being open-minded, and striving for success.” -2018 Graduate

“I learned respect, humility, empathy, confidence, justice, and how to be a decent human being. This program does nothing but good. Veterans Heritage Project is working to help shape the youth of tomorrow.” - 2010 Graduate

The Opportunity

Since 2004 Veteran’s Heritage Project has engaged nearly 2,000 students to write and preserve an equal number of veteran histories in 14 Volumes of *Since You Asked*™ and in the national archives at the Library of Congress. VHP has the opportunity to make a significant impact in the future of our youth and country, and the remembrance of our veterans. We have veterans waiting to be interviewed and numerous schools wanting to start a chapter. **Your support will help us grow future leaders through civics education and engagement with veterans. Help us reach more veterans and students, expand to more Arizona schools, and build capacity for national impact.**
