Our Mission

Connecting Students with Veterans™ to honor veterans, preserve America's heritage, and develop future leaders.

Our Impact

Since 2004, Imprints of Honor has served more than 3,444 veterans and 3,572 students in the Arizona community.

Why our Partnership Matters

Employee Engagement

In a survey conducted by Forbes of 2,000 employees in the U.S., 76% of employees shared that they want to work for a company that is making a positive impact in their communities. (Forbes.com)

"The program provides a unique opportunity for employees to hear firsthand stories of leadership, teamwork, and service from individuals who have faced extraordinary challenges and experiences. These lessons are relevant in any workplace and often leave a lasting impression on employees long after the presentation ends."
