

This Old Porch

NEWS ON HOLDEN VILLAGE'S PORCH PROJECT!

SPRING 2022

The Holden Village Porch Project continues into its second year! This important historic renovation project ensures that all Villagers can enjoy gathering on Holden's 80-year-old porches for generations ahead.

Volunteers are needed year-round to help with milling lumber and construction, especially during the summer. Join in this unique opportunity to learn new skills in carpentry or share your experience!

Holden Village is fortunate to have Noah Turner serve as Porch Project Lead this year.

“I have a special place for Holden in my life. In 2016-2017 I spent a year at Holden as Co-Head Carpenter. While there, I became acquainted with the historic porches and the importance of restoring them in the future. I started my own business in architectural element design. Architecture and historical restoration are my passions. For the past 15 years I've been designing, collaborating, fabricating, and installing custom architectural elements for a wide variety of clients in Colorado, California, Oregon, Washington, and Arizona.”

HOW TO SUPPORT

VOLUNTEER: Contact Holden Staffing: staffing@holdenvillage.org to let us know of your availability and interest.

DONATE: Make a gift online through our website www.holdenvillage.org/donate
