

Lyn Burns invited me to St. John's many years ago and I am forever grateful to her for that. I knew I was home when I saw a male and female priest on the altar together. I was received in the Episcopal Church by Bishop Leo Alard and Mother Dorothy Robinson after leaving the Catholic Church. I became a ministry leader soon after joining and have continued to work in many ministries and volunteer positions throughout the years. I was on the Vestry and served as Senior Warden for two years under Fr. Al Rodriguez, working with the architects in the early stages of designing our church. I continue to volunteer where I am needed. I recently completed the *Sacred Ground* studies and the series on Homelessness.

I am the Safeguarding Administrator, am currently on the Columbarium committee, a Lay Reader, a Eucharistic Minister, and a member of Pastoral Care. I take care of the plants in the Parish Hall, the Church and the planters in the Memorial Garden.

I have a degree in Education. I work part time for Travis County Elections. I am blessed with a wonderful daughter and a precious granddaughter, who graduates from college in May.

I look forward to being a Vestry member.
