Kiwanis
NEBRASKA-IOWA DISTRICT

June 2023

Hello Fellow Kiwanians,

Summer is not officially here but it sure does feel like summer. Kids are out of school, vacations are being planned and yes, summer also means convention time.

I know many of you will be attending the Kiwanis International Convention in Minneapolis. I'm looking forward to spending time with you as we "Nurture the Future" by learning skills and explore ways we can help prepare young leaders for the future.

In addition, the Nebraska-Iowa District will be holding its convention at the Embassy Suites in LaVista, Nebraska on Aug. 4-5. Like our international convention, this year's district convention will focus on our future and the positive ways we can help kids in our communities. The convention committee has put together a fun, informative and educational two-day event where there will be something for everyone. Registration is now open, so please be sure to sign up.

I want to thank you for the many invitations I have received to attend your club meetings, service projects, fundraisers and celebrations. I have enjoyed every single one and I am continuously heartened by the work that Kiwanians in Nebraska and Iowa are doing. The creativity and dedication in bringing the Kiwanis mission alive is something you should all be proud of. You are making a difference!

So, as the summer season begins, I hope each of you will have an enjoyable and safe summer. I also hope that you will continue to spread the word about Kiwanis and tell your story about why you are a member. They are good stories!

See you at convention, keep up the good work and thank you for being a Kiwanian.

Gov. Lynda
