# Children's Fund News

**By Kiwanis Children's Fund District Chair Jody Melcher**

Kiwanis CHILDREN'S FUND

Hello Nebraska-Iowa Kiwanians!

It was a good month for the Possibility Project. As of Feb. 28, Nebraska-Iowa has donated $82,118 to the project. That's great! Thanks to all of you who donated on Giving Tuesday! The Children's Fund staff fund-raising goal for that day was $100,000. The day was much better than that, raising $186,000! Almost double the goal.

To date, $7.2 million has been raised. The project is going well. That's thanks to all of you who donate as individuals and the clubs that have donated. We are hoping to get more Impact Clubs in our District. No new ones this month. If your club has been approached about it, I hope you will consider committing to being an Impact Club. Our champions are still scheduling times to speak at club meetings about the Possibility Project. Please invite them to come to your meeting so your members can be aware of what The Possibility Project is about and how your club can benefit like the clubs mentioned in my grant stories.

The grant I would like to share this month comes from New York. The Seneca Falls-Waterloo Kiwanis Club used a Children's Fund Grant to purchase a farmstand and special grow lights. The farmstand is used to grow a variety of vegetables inside. The students are able to take part in the growing process and try the vegetables they grow. Great project!

Keep saving those "K" Dollars. They can add up pretty quickly and make a nice individual gift to the Children's Fund, or added to your club's annual gift. Make it fun! Have a contest to see who can find the most "K" Dollars!

Thanks for reading!
