

2024 - 2026 FCCPTA Officer Slated Nominees

President: Debbie Kilpatrick

I have been involved with PTA for many years and have served in different leadership positions at all levels of PTA because I believe in the Mission of PTA: to make every child's potential a reality by engaging and empowering families and communities to advocate for all children. In all the positions I've had the privilege of serving, I have remained committed to supporting the PTA Values: Collaboration, Commitment, Diversity, Respect, and Accountability.

I feel that FCCPTA is at a pivotal point in our council's history of promoting service to our local PTAs, engagement with FCPS leadership, uplifting our advocacy platform, and providing meaningful value for PTA membership. 2024 is a very important time for our council to show its strength and value as the largest council PTA within Virginia PTA and its value to the National PTA. Accomplishing new FCCPTA goals will require strong leadership and mentorship to new officers and board members. Having served in the past as council president, district PTA officer, state PTA officer, local PTSA president, and currently on National PTA governance, I believe that by serving as FCCPTA President for the next two years will allow us to achieve these goals and build a firm foundation for future council leaders. I would appreciate this opportunity to bring my experience, knowledge, and skill-sets to serve as FCCPTA President.

What would you personally like to accomplish/experience as an FCCPTA board member? I would like to see increased support and service to our local PTAs, increased engagement and relationship building with FCPS leadership, uplifting our advocacy platform to become the voice of our members and community, and providing meaningful value for PTA membership in order to raise our voice at the county, state, and national levels. I would also like to offer mentorship and support to the officers and board members so they can reach their full potential as council leaders.
