5 Holiday safety tips

FOR PETS

BRING THEM IN

Keep your pets inside during freezing temperatures and during firework shows.

CREATE A SAFE PLACE

Parties can be overwhelming for pets, have a safe place for your pet to go if they are not in the partying mood.

PREVENT RUNNING AWAY

Watch your doors and gates! With visitors coming in and out, make sure no one accidently leaves a door open. Door dashing pets should be safely secure in the home or in a crate.

AVOID OBSTRUCTIONS

Do not let your pet's chew on pine tree needles, tinsel, or ribbons to avoid a possible obstruction.

KEEP YOUR PETS AWAY FROM TOXIC PLANTS

Several seasonal plants can be toxic to pets including ivy, holly, mistletoe and poinsettias.
