Please join us for a very special presentation by **Dirk Van Leenen**, an Arizona resident and Holocaust survivor. He describes his parents' heroic assistance to Jews in Holland during WWII. Hiding an average of 20 refugees at a time beneath their home in The Hague, Dirk's father would bring Dirk along as a decoy while distributing false IDs and food stamps to Jews in hiding.

Dirk will offer his books for sale.

The public is welcome, and attendance is **FREE**.

Don't miss this important presentation!
