Outreach Librarian - Pinal County Library District

## WHAT SHE DOES:

Ms. Jasmine brings “*Library Energy*” to you by giving fun interactive literacy programs to communities across Pinal County.

As an Outreach Librarian, she travels beyond library walls to ensure every child has access to enriching literacy experiences, no matter where they live in Pinal County. From early childhood centers and community events to schools and neighborhood gatherings, Ms. Jasmine delivers engaging programs that inspire curiosity, support early learning, and strengthen community connections. Her mission is to make the library accessible, welcoming, and fun for all!

## Background:

My library journey began in 2018 with the Hawaii State Public Library System, where I worked as a Library Assistant at the Kaneohe Public Library on Oahu. I became a Library Technician at the Robert C. McEwen Library on Fort Drum in New York, before making my way to Arizona.

Over the years, I’ve learned a great deal about how libraries function, but one passion has stood out above all the rest: Story Time. I’ve conducted Story Time at every library I’ve been a part of, and it truly holds a special place in my heart.

## MOTTO OR SAYING:
