This rodeo is the crowning event of our bike collection drive that has taken place over the last year. We are so appreciative of all who donated bikes for our community members that need one. The rodeo will provide an opportunity for us to distribute those bikes, as well as invite all community members to come together and take part in the fun. Please come join in on all the interactive booths, food trucks, and bike courses that help promote safety for our residents.

Donated bikes will be available for adoption using the QR code:

\*Bikes are available on a first come first serve basis.  
Any unclaimed bikes will go to the next on the list.

A special Thank You to our amazing sponsors:
