Pinal County Hand Count Audit Report Primary Election - July 21, 2026

Synopsis:

Pursuant to A.R.S. § 16-602(B), Pinal County conducted the hand count audit of early and election day precinct ballots for the July 21, 2026 Primary Election. Three (3) election day precincts were counted as well as 1% of early ballots.

The preliminary phase of the hand count began on July 22, 2026, at 2:30 p.m. with the Pinal County Democratic Party Chair, and a representative of the Pinal County Republican Committee, met to randomly select the precincts and races to be audited. All ballots were accounted for in the central counting location before the selection process started. The selection order was chosen by lot, and the Republican Party was randomly selected by draw to go first, followed by the Democratic Party. No other recognized parties were present. With the draw order established, the parties alternated in selecting the contested races, precincts, and batches to be audited. The following races were selected:

Statewide Race - Corporation Commission - Republican

Federal Race - U.S. Representative - Republican

Legislative Race - State Senate - Democratic

With fewer than four contested races being selected, a Chair randomly selected an additional race from the contested federal, statewide, and legislative races.

4th Race - Governor - No Labels

Precincts 27/135, 44, & 85/96/120 were selected by lot, as well as eight batches randomly selected from each of the four tabulators utilized during early ballot tabulation. All ballots were tabulated on four DS950.

Precinct Ballot Audit:

On July 25, 2026, appointed political party representatives were broken into bipartisan teams with Democrats and Republicans on each board.

Early Ballot Audit:

More than 1% of early ballots were audited per Arizona State law. 58,401 early ballots were cast, 585 ballots were required to be audited to reach the 1% requirement. The early ballot audit consisted of 8 batches (one from each tabulator) containing an aggregate total of 679 ballots.

Comments:

There were no discrepancies between the machine count and the hand count. Please find the aggregate precinct and early ballot reports attached for review.

Precinct 60 (“PCT 60”) Blackwater Audit Report

During the post-election audit, it was discovered that on Election Day, 18 voters (the “affected voters”) in PCT 60-Blackwater received and voted ballots that included City of Coolidge contests and a proposition regarding a proposed APS franchise agreement. No electors in PCT 60-Blackwater are eligible to vote in City of Coolidge contests.

The correct ballot styles that should have been issued to the affected voters by the poll workers were 060PS7 (DEM) and 060PK7 (NOL). The post-election audit showed that poll workers at PCT 60 instead distributed 060PS1 (DEM) and 060PK1 (NOL) to 18 voters throughout Election Day. Of the ballots that were incorrectly provided to these voters, 10 were ballot style 060PS1 (DEM) and 8 were ballot style 060PK1 (NOL).

On Election Day, PCT 60 had 75 voter check-ins and 75 ballots tabulated.

The correct ballot styles – 060PS7 (DEM) and 060PK7 (NOL) – were available at PCT 60 on Election Day, but the PCT 60 poll workers failed to match the affected voters’ assigned ballot styles as indicated on these voters’ tickets to the ballot style that the poll workers subsequently selected and then provided to each affected voter.

The only precinct split from PCT 60 that includes the City of Coolidge is 60.12. Precinct split 60.12 contains no registered voters. The ballots that were incorrectly distributed to the affected voters were only present at the PCT 60 polling location because of the requirements that (1) voters cannot be denied a ballot at a polling location and (2) voters must have the option to cast a provisional ballot at a polling location. These obligations resulted in the presence of a minimum of 10 ballots of each available ballot style (regardless of whether there are any electors eligible to vote a particular ballot style) at PCT 60.

Throughout poll worker training, poll workers are instructed and taught that ballot styles packaged in a set of 10 ballots are to be left in the cage until a voter presents to the Ballot Judge a voter ticket indicating that specific ballot style. Unfortunately, at PCT 60 – and despite the training on this very issue – this error occurred which resulted in 10 voters receiving ballot style 060PS1 instead of 060PS7 and 8 voters receiving ballot style 060PK1 instead of 060PK7.

This information was also brought to the attention of the Pinal County Elections Department via an email from the Coolidge City Clerk after the Coolidge City Clerk had been contacted by a candidate who looked at the online Election Night Reporting (ENR), located on the Pinal County Elections Department website.

Affected voters who received the incorrect ballot style from the PCT 60 poll workers were not eligible to vote in either the contest for the City of Coolidge Mayor, City of Coolidge City Council, or the APS Franchise Agreement Ballot Measure.
