Vacancy due to Commissioner Bradford's death just 3 days prior to deadline for candidates to file to appear on ballot. The names below are those who filed to be write-in candidates by the deadline. If you write in one of these names (and you must write in the name exactly as it appears below), your vote will count. If you write in the name of anyone else, your vote will not count.

Valid Green write-in in Suburban Cook County *** (see note at end)

Geoffrey Cubbage

**/ Andrea A. Raila has appealed a decision striking her from the ballot as a Democratic candidate for Assessor. Votes for this candidate will count if the appeal is granted. Votes for this candidate will not count if the appeal is not granted and the decision to strike the name from the ballot is upheld.

***/ Candidates who wish to be valid write-in candidates in both Chicago and suburban Cook County, must file with both the Chicago Board of Elections and the Cook County Clerk's office. Some did and some did not, which explains why the list of valid write-in candidates varies between Chicago and suburban Cook County.
