

Full day Mariners Integrated Preschool

The Narragansett School System is now accepting applications for preschool for the 2019/2020 school year. Options will include 5 full-days a week, as well as half-day programming that supports the whole child and the diverse community we serve.

We work closely with parents and align with Rhode Island Early Learning and Development Standards to help prepare students for their future. Through play and exploration of their environment, children will become self-directed leaders.

Our program maintains a strong focus on:

- Inclusive, rigorous learning for all students
- Creative and critical thinking
- Providing a safe, healthy and nurturing environment
- Celebrating diversity
- Teaching students to be safe, kind, respectful and self-regulated
- Healthy habits, fitness skills and independence in self-help skills
- Effective communication

Learn More and Register

Visit our website or contact us to learn more about our curriculum, how to apply for preschool enrollment, and information on gaining full-day transportation for your child.
