WHY EXHIBIT?

Aviation Week Network is pleased to announce that MRO Middle East 2020 will be held again in Dubai, UAE on February 25-26, 2020 at the Dubai World Trade Center, UAE. We bring the entire commercial aerospace industry together to discuss the latest issues on local and global levels. Hear from operators and their service providers on concerns, opportunities and plans for future growth in the Middle East!

Last year's exhibition attracted more than 5,000 industry professionals from the commercial aftermarket, and featured more than 330 exhibitors displaying the latest products, services and technology. With demand in the Middle East growing at such a fast pace, the exhibition provided the perfect platform for both established and new-to-market organizations to capitalize on the huge opportunities.
