In Gratitude

The “*They Made a Difference and We Thank Them: The DC CFAR Honors Trailblazing Community Partners*” video was recorded throughout the summer of 2019. We gratefully acknowledge the DC CFAR Community Partnership Council (formerly the Community Advisory Board), other community partners, and those who generously shared their stories.

With sincere appreciation for the support of the DC CFAR leadership and the NIH CFAR Program. Special thanks to Stacey DiLorenzo, Jessica Wilson, and the GW Milken Institute School of Public Health Communications Office.

With gratitude to Ms. Marcia Ellis, Dr. Alan Greenberg, and Ms. Patti Simon for their commitment to this project
