

# MANAGING HIV PATIENTS

WITH LIMITED TREATMENT OPTIONS

GRAND ROUNDS SERIES 2021

Are you interested to learn more about HIV patients with limited treatment options? Our program will address available tools to identify these patients, resistance considerations in treatment decisions, and how to tackle polypharmacy, drug-drug interactions, and co-morbidities, among other topics. You will get insights into new treatment options and how best to integrate them into optimal antiretroviral regimens.

## Learning Objectives

At the completion of this program participants will be able to:

- Define patients with limited treatment options and tools to identify them;
- Understand key challenges and general considerations in the treatment of those patients;
- Understand implications of drug resistance and co-morbidities in creating optimal treatment regimens;
- Increase knowledge on new treatment options available for these patients;
- Describe how best to integrate new drugs into optimal combination regimens.

## Agenda:

- **Keynote Lecture:** HIV Patients With Limited Treatment Options - How to Identify Them and Which Novel Treatment Options Are Available for Their Treatment;
- **Lecture by a Local Chair:** Translation to the Local Clinical Care Settings;
- Q&A and Discussion.

## PROGRAM DIRECTORS

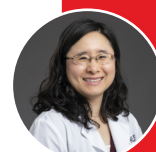

**Daniel Kuritzkes, MD**  
Brigham and Women's Hospital; Harvard Medical School,  
United States

**Jonathan Schapiro, MD**  
National Hemophilia Center, Sheba Medical Center,  
Israel

**Shivanjali Shankaran, MD**  
Rush University, Chicago,  
United States

**Sarah Won, MD, MPH**  
Rush University, Chicago,  
United States

## KEYNOTE SPEAKERS

**Monica Gandhi, MD, MPH**  
University of California San Francisco,  
United States

**David Hardy, MD**  
Johns Hopkins University Baltimore,  
United State

**Michael Kozal, MD**  
Yale University,  
United States

**Daniel Kuritzkes, MD**  
Brigham and Women's Hospital; Harvard Medical School,  
United States

In support of improving patient care, Rush University Medical Center is jointly accredited by the American Nurses Credentialing Center (ANCC), the Accreditation Council for Pharmacy Education (ACPE), and the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing education for the healthcare team.

Rush University Medical Center designates this live activity for a maximum of **1.0 AMA PRA Category 1 Credit(s)**<sup>™</sup>. Physicians should claim only credit commensurate with the extent of their participation in the activity.

Rush Disclosure Policy: Rush has mechanisms in place to identify and resolve any potential conflicts of interest on the part of faculty and planners prior to the start of the activity. A complete listing of potential conflicts of interest and of commercial support received will be provided in the conference materials.

The Managing HIV Patients With Limited Treatment Options - Grand Rounds Series is funded by unrestricted educational grants from ViiV Healthcare.
