

# Mid-Atlantic CFAR Consortium (MACC+) Implementation Science Consultation Hub

- **Are you interested in incorporating implementation science (IS) methods into your work but not sure where to start or what the best frameworks, designs and/or outcomes are to achieve this goal?**
- **The MACC+ Hub** is here to provide technical support in IS for HIV-related existing projects, analyses and new grant proposals. All consultations are FREE.
- **Who is eligible?**
  - Ending the HIV Epidemic (EHE) NIH Supplement Awardees
  - CFAR investigators and faculty across the Mid-Atlantic Region
  - Health Department officials
  - Community members
