

## Origami Corner Bookmark

6"x 6" square paper

### *DIRECTIONS*

1. Start by folding the bottom point of your square to meet the top corner to form a triangle.
2. Fold left point up to the top middle point.
3. Fold the right point to to the middle point...this should form a diamond.
3. Unfold both end points.
4. Fold one half of middle point down to the bottom edge.
5. Fold the right point back up to the middle point.
6. Then tuck the end underneath the fold.
7. Fold the left point back up to the middle point.
8. Then tuck the end underneath the fold.
