

Rolled Paper Flowers

Supplies:

Paper

Scissors

Pen or marker

Glue

Directions:

- Cut paper into 4"x4" squares
- Draw a spiral onto each square filling the entire square
- Cut along spiral line
- Begin rolling the spiral from the outside working your way in.
- Roll until you reach the end, then glue the end piece down to hold the flower shape.

Flowers can be combined to make an arrangement, form a wreath, fill a shadow, on crafts and more...the possibilities are endless!
