

Every 30 Seconds An American Has a Heart Attack

*City of Boca Raton
Proudly Presents*

AngioScreen®

A painless, non-invasive screening for the risk of heart disease and stroke.

AngioScreen® takes only 6 minutes and you'll leave with an instant color ultrasound picture printout with data showing your risk of heart disease and stroke. AngioScreen® measures Ankle Brachial Index, a screening for blockages in the leg arteries that is normally not performed by doctors unless patients are symptomatic. Blood pressure, pulse, and body mass index are also measured.

***No Pain! No Needles!
No Radiation!***

Visit www.AngioScreen.com for more information
