Dear Friends and Colleagues of PSEC,

I just wanted to write this brief note to thank all of you who participated in, worshiped, sent cards and gifts and emails of well wishes for my ordination service on the 19th of March. It was an amazing and humbling day and I am so appreciative of all the love and support I felt.

I don't think it has sunk in quite yet and I am still running on the overwhelming feeling of the Holy Spirit that was there with all of us in that special place, my home church, Epler's Church.

Also, I wanted to say thank you for your support of World Central Kitchen. We were able to send over $600 to this organization that provides hot meals to those who find themselves in need because of humanitarian, climate, and community crises. They do great work!

Blessings to you all. With much love,

Tammie Wisniewski
