2019 Craigville Theological Colloquy

Faith & Science: The Choices We Make

July 8-12, 2019

Jennifer Wiseman

With great excitement and anticipation, we announce that **Dr. Jennifer J. Wiseman** and **Professor Ron Cole-Turner** will be our keynote speakers for the 2019 Craigville Theological Colloquy ***Faith & Science: The Choices We Make***.

Ron Cole-Turner

Dr. Wiseman is an astrophysicist who studies the ongoing formation of stars and planets using telescopes on the ground and in space. She also is the Director of the AAAS Dialogue on Science, Ethics, and Religion (DoSER) program. A 2012 article she wrote, uses an excerpt from the hymn *How Great Thou Art* to explain why the study of Creation can lead Christians into meaningful worship and overcome obstacles that impede true praise.
See https://biologos.org/articles/science-as-an-instrument-of-worship for more info.

Prof. Cole-Turner holds the H. Parker Sharp Chair in Theology and Ethics at Pittsburgh Theological Seminary. He is a member of the Executive Committee of the International Society for Science and Religion, and Co-Chairs the American Academy of Religion Unit on Human Enhancement and Transhumanism. His book, **Transhumanism and Transcendence: Christian Hope in an Age of Technological Advancement**, was published in 2011.

Both are looking forward to returning to Craigville, where they have fond memories. JOIN US!!

Refusing to succumb to Stephen Jay Gould's tenet that science and theology each rule over their own domains, and that humanity is best served when these fields do what they do best separately, **Colloquy 2019** presumes the twenty-first century will bring a cascade of new ethical choices that are best addressed when science and theology are dialogical partners.

Colloquy offers: presentations, Bible reflections, morning prayer, Taizé worship service, small group discussions, singing in the choir, many ways to renew or make new friendships, free time to rest and explore Cape Cod, access to Craigville beach, hospitality events, and 3 continuing education units.

Also speaking are Dr. Nelson Hartunian, Ph.D. and Rev. Richard Coleman.
