"Autopsy of a Deceased Church"

A workshop for ordained and lay leaders

Several years ago, Thom Rainer wrote a book titled "Autopsy of a Deceased Church." It's an attention-getting title, but the aim of the book was to help churches avoid death and decline through becoming healthy, disciple-making congregations. On March 14, 2020, John Stange will be sharing several hours of training based on the content of Rainer's book. The training will be practical, encouraging, and helpful for those who are invested in the health of their local church.

John Stange is the Lead Pastor of Core Creek Community Church in Langhorne, PA. He also directs the National Mission Board and serves as an adjunct professor at Cairn University. To learn more about John's ministry, books, podcasts, and other resources, please visit his website at DesireJesus.com.
