COUNTIES

14,000+
SENIORS SERVED

For more than 120 years, we've built our legacy among the leading senior living providers in Pennsylvania. And with locations across the state, we continue to offer a full continuum of services, as well as lifestyle choices that make it possible for today's older adults to celebrate their greatest years.

In addition to empowering seniors, we are committed to serving our community and advancing education on the issues seniors and their caregivers face through the Phoebe Institute on Aging, and community-based services.

Step into any one of Phoebe's communities and discover an amenity-rich campus complemented by a family-like atmosphere that is the driving force behind Phoebe's culture. With daily life focusing on all dimensions of wellness, Phoebe is where you'll find a superior retirement lifestyle at an unmatched value.

Phoebe

SENIOR LIVING SERVICES

For Every Age and Every Stage

Continuing Care Retirement Communities (CCRCs)

We offer a full continuum of care at four communities in Pennsylvania: Phoebe Allentown, Phoebe Berks, Phoebe Richland, and Phoebe Wyncote, as well as independent living at Chestnut Ridge at Rodale. The continuum of care includes vibrant independent living choices, as well as best-in-class personal care, skilled nursing, rehabilitation, memory support, mental health services, and social and spiritual support.

Outpatient and Short Term Rehabilitation

Our extensive offering of physical, occupational, and speech therapies is provided by experienced caregivers who guide older adults on their paths to recovery from illnesses or injuries.

Our robust short term rehab program is tailored for each patient, and we offer specialized cardiopulmonary and memory care physical rehabilitation in addition to traditional therapies.

Phoebe Pharmacy

As part of our continuum of care, we operate three pharmacies that serve not only our communities, but 55+ additional organizations and nonprofits. In every case, our priority is providing the best service to our customer.

Pathstones by Phoebe

This life care membership-based program offers seniors the opportunity to age in place while having access to the same quality care as our on-campus residents. We coordinate in-home care services and create customized wellness plans for members to foster independence and proactively approach aging at home.

Phoebe Institute on Aging (PIA)

The PIA was established in 2001 as Phoebe's educational outreach initiative. The program provides forums for discussion and education on a diverse range of topics related to older adults, including annual conferences with leading industry experts and other programs that are low cost to the community.

Senior Affordable Housing

Phoebe operates eight apartment communities in four counties for seniors looking for affordable housing options.

TeleHealth

We partner with local hospital networks to offer virtual doctor visits for residents in select CCRCs.
