MINISTRY OPPORTUNITY AT LOCUST LAKE STATE PARK
Summer 2022

The Schuylkill Association of the PA Southeast Conference, UCC, has a ministry opportunity for a part-time chaplain at Locust Lake State Park near Tamaqua, PA. If you are a Christian (Clergy or lay) who can function in an unstructured situation and who has a love of God, God's creation, and God's people, then this might be the opportunity for you.

The chaplain represents the church as a Christian presence and quiet witness among those who camp at this beautiful state park. The responsibilities of the chaplain include:

- Conduct campsite visitation weekly.
- Provide informal, inspirational weekly worship services.
- Provide availability to park/campground staff and campers for crisis situations.
- Provide informal programs such as campfires, hymn sings, special musical events, and activities for children, as needed.

Training and ministry support and resources will be provided by the PA Council of Churches Chaplains in the Park program and the Locust Lake Committee.
