

EMS Seeks Alumni Educators

Beginning with the graduating class of May 2016, EMS ISD is offering a signing bonus to alumni who return to the district to begin their education career. Applicants must have attended a traditional university-based educator preparation program, maintained a GPA of 3.0 or higher, and are fully certified according to the State Board of Educator Certification (SBEC). Applicants who have previously taught at another district but meet the requirements above are also welcome to apply.

Additionally, students who completed the Education and Training program through the Hollenstein Career and Technology Center are guaranteed an interview as part of the EMS2Teach program.

For more information, visit www.emsisd.com/alumnieducators.
