

To be a leader in the Materials Testing Industry, we strive to have a team of bright and hard-working individuals in order to truly succeed. At PES, we carefully search for the top-talent - people who bring a fire and passion to be challenged and create solutions in their day-to-day tasks. We spoke with Blaine S. today - one of our new hires in the Machine Shop about what makes him special, his background, and why he was excited to join PES.

“Blaine, tell us a little bit about your background and experiences prior to joining PES?”

Blaine:

“I was a home remodeler. I helped build houses, decks, kitchens, bathrooms, roofs, and plumbing.”

“What made you choose PES?”

Blaine:

“I liked the interview process and how clean and friendly all the people were. The warm welcome and the fact that I could tell that the employees are happy.”

“Tell us what you like to do outside of work?”

Blaine:

“I enjoy various outdoor activities like fly fishing, pheasant hunting, dog training, big game hunting, hiking, fly tying and pretty much anything to do with being outside.”

“What would you tell your younger self?”

Blaine:

“You will get there, just keep working.”
