

To be a leader in the Materials Testing Industry, we strive to have a team of bright and hard-working individuals in order to truly succeed. At PES, we carefully search for the top talent - people who bring a fire and passion to be challenged and create solutions in their day-to-day tasks. We spoke with Emily B. - new hire in the Mechanical Lab - about what makes her special, her background, and why she was so excited to join PES.

**“Emily, tell us a little bit about your background and experiences prior to joining PES.”**

*Emily:* Before PES, I worked as a waitress at Bob Evans and a HomeServices Specialist at Home Depot. Both jobs helped me while earning my degree.

**“What made you choose PES?”**

*Emily:* I chose PES because I was looking for a place where I would be able to use my degree and gain experience.

**“Tell us what you like to do outside of work?”**

*Emily:* Outside of work, I enjoy walking my dog and traveling. I hope to visit all of the National Parks in the United States.

**“What would you tell your younger self?”**

*Emily:* One thing that I would tell my younger self is to keep being happy and everything will work out in the end.”
