DISASTER RELIEF DONATIONS NEEDED

Severe storms and tornadoes devastated communities across Northwest Indiana on August 11, 2026. Immanuel United Church of Christ in Highland and Trinity United Church of Christ in Gary were among those impacted by the powerful storm system and derecho.

Both churches and surrounding residents were left with significant challenges for families, congregations, and communities.

Your donation can help provide relief, recovery, and support where it is needed most.

Trinity UCC, Gary, IN
