

# BTC in 2018

## Global Reach 1

Provided programming and trainings in locations across the country and around the world, reaching new providers and professionals working with children and families

## Celebration 2

Celebrated the life and legacy of Dr. Brazelton with more than 350 people who attended the Symposium and Celebration

## Growth 3

Welcomed three new communities into the national BTC Touchpoints Site Network

## Engagement 4

Engaged the field through conference presentations, research publications and evaluation studies that add to the base of knowledge

## Connection 5

Connected with thousands of family-facing providers through free webinars that build skills, share strategies for working with families, and promote child development knowledge

## 6 Innovation

Completed a pilot of an innovative adaption of the Touchpoints approach for school age children
