ASK
ME
ABOUT

We enjoy spending time with our boys and grandchildren. We love taking vacations to the beach and just being outdoors. We spend a lot of time boating and fishing in the summer months. We are also very involved with our church and youth groups activities.

What is something about your current self that your college self would be proud of?

Over the years I have used both my major and minor degrees in my jobs working in the medical field for 20 years and now managing the Bookstore at Eureka.

Why is it important for you to be a part of the alumni board and/or participate in the advancement of Eureka College?

I have really enjoyed working at the college and attending a lot of activities. My favorite part is working at all the home football games and some basketball games and really enjoy meeting all the alumni and families that stop by the Bookstore table or the store.

SHOUT OUT! Who was an influential person during your time at Eureka – how did they make a difference in your life?

I remember Dr. Keim had a big influence on my interest in the biology field as well as Professor Knopp in the business field.
