## **Happily Ever After: Music & Makers**

Step into a fairy-tale world where creativity takes center stage!

Join us for an afternoon of music, art, and hands-on making as we bring beloved stories to life. Kids will explore sound, design their own instruments, and dive into creative activities inspired by their favorite fairy tales.

Whether your child loves crafting, building, or just trying something new, this is a fun, low-pressure space to create and explore.

## **Kingdom of Curiosity: A Fairy Tale STEAM Adventure**

Get ready for an afternoon of building, testing, and exploring!

"Kingdom of Curiosity" blends fairy tales with science and engineering, giving kids the chance to dive into hands-on challenges inspired by their favorite stories. From designing bridges for goats to building houses strong enough to outsmart a wolf, this is all about creativity, problem-solving, and a little bit of messy fun.
