Dear Friends of the St. Joseph Public Schools,

The SJPS Foundation is uniquely positioned to provide significant funding to meet the diverse and dynamic needs of all learners, and promote academic excellence at every level of the St. Joseph Public Schools. In fact, over $750,000 in grants has already been awarded this school year alone, which will quite literally change the trajectory of students' lives.

Community participation is impactful in helping students reach their fullest potential. We invite you to visit our grants page to see exactly how your kind gifts are implemented throughout our five schools.

Can I count on your support? No greater contribution can be made then to enrich the education of our future leaders. Gifts of any amount are important and appreciated.

Sincerely,

Sam A. Abdelnour
