

# IHSA<sup>Aspires</sup> FRIDAY!

COVID-19 Creative Corner

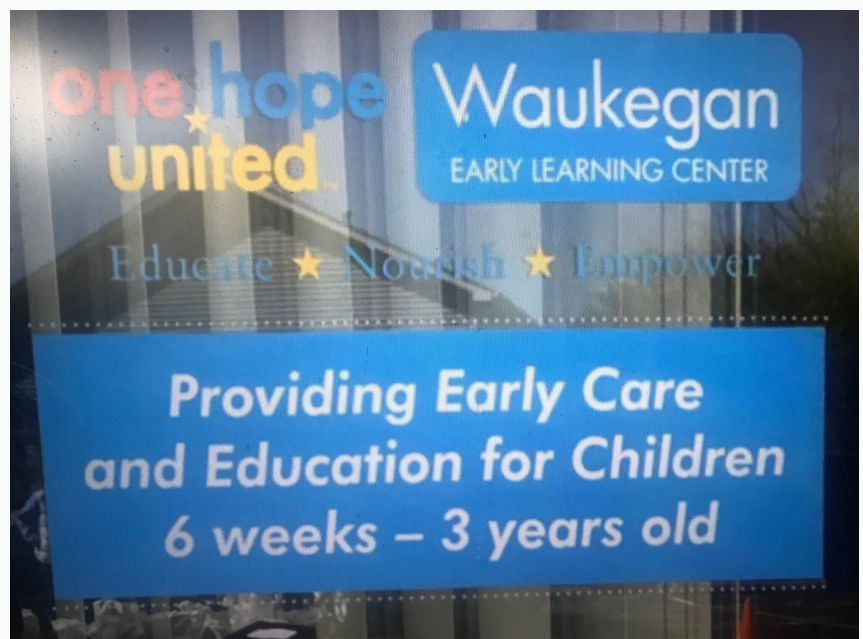

***"I think the knee-jerk reaction is that because you're optimistic, you're naive. Or that, because you're essentially cheerful, you're ignoring the pain of the real things that are going on. And that's just not the case. I weigh everything. But I can't help it that I wake up in the morning and think: What good thing is going to come around?"***  
~Tom Hanks
