

Nicole Nincic is the Quality Assurance Manager Metropolitan Family Services DuPage. She is responsible for ensuring the highest quality services are being provided to our clients and their families through the support of our staff. She achieves this through gathering data, strategic planning, building strong relationships, and innovative thinking. Nicole's passion comes from the idea that what a child learns from birth to 5 will stay with them throughout their whole life!

Nicole has been working with children, families, and staff for 25 years in a variety of early learning settings. Along with work experience, Nicole also studied early learning and received a master's degree in early childhood education from National Louis University.

Nicole lives in the Chicago suburbs with her husband, Rob, and their 2 rottweilers and 2 cats. Nicole and her husband enjoy traveling to new places and riding their Harleys.
