

[Kyle Hubert / November 2020]

Bio-

I'm Kyle. I'm a former Head Start Parent and have been with Head Start for 6 years now. I sit on the state, region and national boards helping steer promising decision making and government affairs efforts. I'm currently enrolled at the University of Illinois where I'm working to finish a Bachelors of Honors in History before Law School. My passion to help our children, families and staff is what drives me to push myself both in my work and in my daily life. I love Head Start and the family in which I've found in it.
