

2019 National 4-H Beekeeping Essay Competition: Call for Entries

Submission Deadline: March 1, 2019

Sponsored by: Foundation for the Preservation of Honey Bees

2019 Essay Topic: Honey Varietals, State to State

Each jar of honey reflects an unrepeatable combination of climate, soil, weather and flowers. Each state has unique honey varietals that beekeepers can market to their customers. Please identify one unique varietal to your state and discuss the flower's uniqueness and how beekeepers can effectively market that varietal.

In your essay, please include a photo of the varietal's flower, an interview with a local beekeeper who collects this varietal and a recipe that highlights the varietal.

Put on Your Thinking Cap!

An essential judging criterion is the scope of research you put forth in developing the ideas behind your essay—accounting for 40% of your score. The number of sources consulted, the authority of the sources and the variety of the sources are all evaluated. Personal interviews with beekeepers and others familiar with the subject are valued sources of information and should be documented.

Note that “honey bee” is properly spelled as two words, even though many otherwise authoritative references spell it as one word.

Eligibility:
