Contest Rules & Awards

Tropical Audubon Society invites you to submit photos you've taken of birds, butterflies and/or other pollinators in your Florida garden or yard. With rainy season upon us, it's also the perfect time of year to enhance your bird-friendly habitat by planting more natives in your yard, or in pots on your patio or balcony. The nectar, fruit and seeds they provide will attract birds year-round. *We can't wait to see your photos!*

Contest Rules

1. Open to amateur photographers of all levels.
2. Entries accepted June 1-30.
3. Limit 3 entries per participant.
4. Photos must be taken in your Florida garden or yard; preference will be given to native flora or fauna.
5. Photos should be no larger than 5MB without watermarks and free of photo-shopped elements. 300 dpi jpegs are preferable; smart phone settings should be at the highest possible resolution.
