

# GREEN SCHOOLS CHALLENGE

## LOOKING TO INVITE A SUSTAINABILITY PROFESSIONAL INTO YOUR CLASSROOM?

### *Learn all about solar energy*

Request a presentation to your class by a Solar United team member to learn more about solar power.

### *Discover your local waterways*

Request a presentation to your class by a Miami-Dade County Environmental Resources Management team member to learn how water moves through our waterways.

### *Invite a virtual scientist*

Dream in Green is excited to partner with [SEFS](#) to provide K-12 teachers and their classrooms the opportunity to connect with real scientists in a virtual setting.

### *Become an artist*

Invite an artist to your school for students to learn to express themselves through music, the spoken word, and dance.

**ENROLL YOUR K-12 SCHOOL TO HAVE  
ACCESS TO THESE OPPORTUNITIES  
AND MORE!**
