

Harford – December Update

Happy Thanksgiving, Harford! With Thanksgiving around the corner, I wish all of you a fantastic, fun-filled day of celebrating, giving thanks, and spending quality time with loved ones.

District Updates:

Harford has exciting things happening. We put on the Picnic at the Promenade at the Havre de Grace Decoy Duck Museum. Our units are staying active and going camping.

So far, we have raised almost 20,000 in Family FOS dollars, which could not have been done through generous support from our scouting families. Harford District thanks you from the bottom of their heart.

As we approach Thanksgiving and the Holiday Season, take time to reflect on what you're grateful for this year. Sure, 2020 has not been an easy year, but the best way to get through this is to find those silver linings that came out of 2020. Maybe you were able to spend more time with family, found a new hobby, a new favorite TV show or book, or learned a new skill.

For Harford, we added more young boys and girls to our membership rosters, and our units sold popcorn and camp cards and went camping or hiking.

Take the time to think about what you're grateful for this year. Even though we are living through unprecedented times, we cannot cease to have an attitude of gratitude.
