The 2018 Lake Tahoe Summer Mission

Praises:

-We had an incredible year at Georgia Tech! God provided more laborers with 3 full-time grad staff and a volunteer. We shared Christ with many students, and a handful gave their lives to Christ! Our grad ministry at Tech grew and flourished.

-Our family seems to be in a pretty good place right now health-wise, just in time for a 7-week long trip to northern California for our Lake Tahoe Summer Mission.

-Thanks for your prayers for our recruiting efforts for the summer mission. We were able to fill up with 95 students!

On June 1st, our family will head to northern California to help lead one of Cru's largest summer missions - the Lake Tahoe Summer Mission.

We helped to staff this big summer mission in 2016, and when Chad was asked to be the director of it this summer, we couldn't refuse. Now that we are grad ministry staff, we don't know how many opportunities to lead summer missions for undergrad students there will be like this one.

We've included the photo above from the 2016 summer mission so you know how big this job is and how much we need prayer. This month, please pray:

- 1) For our leadership team as we meet on Fridays to put

the finishing touches on our plan for the schedule, training and evangelism this summer.

- 2) For the 95 students who have been accepted and are currently raising support. We have a completely full summer mission!
- 3) For our family's health. We had a health crisis a couple of months ago when Wyatt and Clark had severe Tamiflu reactions. Pray for the boys' emotional health and esophagus health.
- 4) Most importantly, pray lives will be changed this summer. Imagine if all of those students in the photo walk with God for a lifetime and help fulfill the Great Commission!

Adventures of the Young Ones

One of our traditions each spring is to attend the Clemson Football Spring game (see picture to the right). We have created a couple of die-hard fans. Clark (wearing the black hat) is a very chatty guy, and it is a guaranteed fact that all conversations will end up on Clemson football, regardless of the starting topic! Needless to say, it was a fun day for our boys getting to meet players and scope out next season's team. Even Josilynn enjoyed getting pictures with the players.

The kids are very eager for our Tahoe mission. The boys will be working at our little camp fixing up cabins during the week. They love being surrounded by college students. Likely one of the hardest parts of the summer for our boys will be being surrounded by food they cannot eat. Please pray for patience and peace for Wyatt and Clark!
