A new nutritional restaurant has opened up in our small community at 104 Southside Shopping Center, Chilton, and it's Root 151. This amazing new restaurant had their grand opening on February 5, 2020, with the owners Danila Whitcomb and Connie Moehn. They operate with all healthy items with many different choices all the way from Shakes, Teas, Coffee, and Aloe products. They use soy as a base, but they do have soy alternatives for people that want something different. Danila's and Connie's goal was to bring health and nutrition to the area.

Root 151 works with Herbalife, the number one nutrition company in the world. Herbalife is located in 92 different countries and they have a lot of amazing products to use. Some of the products that are sold at Root 151 are for weight loss, weight gain, proper nutrition, and even muscle bulking. You can check out Herbalife more at www.herbalifescience.com.

Danila and Connie are also health coaches so if you have questions on what product you should use don't hesitate to ask, Danila and Connie are very welcoming and friendly people. The atmosphere of their restaurant is comfortable and makes you feel at home. Don't be afraid to bring your kids with you. They have a kiddie area set up just for the little ones. Danila and Connie also have a "Flavor of the Week" every week, starting on February 17, 2020, the flavor will be Lemon Blueberry Muffin.

This is definitely something that will become very popular in our area, and we look forward to seeing them progress over the next few weeks, months, and even years. There are multiple ways that you can contact them: Facebook, by phone, Instagram, and even Snapchat. So don't be a stranger and stop on in and see this business and the owners grow within the community. We wish them the best and look forward to seeing them grow.
