TRI-COUNTY
Kiel Record

Kiel Hardware held its grand opening celebration last weekend which included a ribbon cutting (right) on Friday conducted by the Kiel Area Association of Commerce. Owner Rick Braun and his son Corbin (above) helped Association of Commerce members cut the ribbon. The Brauns said Monday that they had a successful grand opening celebration and that they have been pleased with customers' response to the store since it opened about a month ago. They said they continue to fine tune the store and bring in new products based on customer requests.
