

Annekathrin Mueller, Power Solutions, VP Commercial Plant Management (ChP/PC), Robert Bosch LLC

As the Commercial Plant Manager at the Robert Bosch LLC plant in Charleston, Annkathrin Mueller (42 yrs.), is a prominent leader of an estimated workforce of 1,800 associates. Her position entails all responsibilities related to controlling, logistics, IT, HR, and training at the local plant. Throughout her 20+ years at Bosch, Annkathrin has consistently demonstrated strategic resilience as she elevated teams, innovated projects, and provided insightful direction reflective of industry needs. Her most prominent milestones include successfully implementing Industry 4.0 at Bosch's oldest manufacturing site in Feuerbach, showcasing notable strategy in Anderson's logistics during the pandemic & semiconductor crises, and most recently transitioning Charleston from Diesel to Electric motors in a post-pandemic environment.
