At 4 years old, Joshua joined Rascals Play and Learn in South Africa - one of over 100 preschools serving VitaKidz every morning.

That's where his story changed.

Once he started eating VitaKidz daily, his teachers noticed an incredible difference. He became healthier, more confident, and started thriving at school.

Today, 5 years later, Joshua still comes back every morning for one thing: his bowl of VitaKidz.

He proudly says, "VitaKidz changed my life."

Joshua is now one of the top students in his class.

This is why we do what we do, because one bowl can change the course of a child's life.

Matt 25:35

BE PART OF CHANGING A CHILD'S STORY.
