Fire Island

Dear Residents and Guests of Fire Island,

Hello! We're reaching out to introduce ourselves and to inform you that Tuna Walk, Inc will film scenes of a new Hulu film titled, "Fire Island" in Fire Island's very own Pines starting on **Thursday, September 9, 2021** and continuing until **Wednesday, September 15, 2021** from approximately 6:00AM - approximately 8:00PM.

It is our pleasure to showcase your communities stunning vistas and elegantly crafted infrastructure in this contemporary telling of "Pride and Prejudice" set right here in Fire Island Pines.

We understand that filming can be an inconvenience, and we appreciate your cooperation. If you have particular concerns (scheduled deliveries, moving, construction, accessibility needs, etc.) that must be addressed, please call the Locations Department at **516.695.3468** or see a member of the Locations Department on set.

Our company uses box trucks to transport filming equipment. Be advised that our production will be parking these vehicles on the south side of Fire Island Blvd. in different areas between Coastguard Walk and Widgeon Walk depending on our shooting schedule. We have scaled down our truck lengths to the smallest possible size in an effort to minimize our impact on your community.

Please note that we work in conjunction with the FIPPOA, Suffolk County Film Commission and the Suffolk County Police Department. We obtain all necessary permits for filming and we are a fully insured company.

Thank you in advance for your understanding and cooperation and we hope you enjoy this love letter to the Pines when it is available to stream.

Sincerely,
The Locations Department
Tuna Walk, Inc
