E. Proposed Freight Tariffs: Freight tariff rates as set forth in the Freight Tariff Schedule annexed to this Petition

Petitioner's request for relief is based upon its increased expenses resulting from rising labor costs (including but not limited to an increase in the New York State minimum wage being implemented over a five-year period), increases in dock fees, increased costs of leasing and maintaining existing vessels, and increases in property taxes, and increases in the costs

and expenses of its operations. The Petitioner has endeavored not to increase its rates since its current rates were approved in December 2017, and seeks a reasonable and fair rate increase necessitated by rising costs during the past four years. This will enable the Petitioner to meet its obligations, the needs of customers, and enable Petitioner to meet its future expenses that will include a new vessel.

SECTION 5. RELIEF:

5.1 Your Petitioner respectfully requests that the Legislature of Suffolk County grant and authorize to it the rates set forth in Section 4 hereof, pursuant to Section 131(g) of the Highway Law, Local Law No. 7 of 1982 and Chapter 455, of the Suffolk County Code.
