Dear Mr. Robin:

Thank you for your hard work in helping to distribute monkeypox vaccines on Fire Island.

With your guidance and support, we were able to distribute over 700 monkeypox vaccines to eligible residents and visitors of The Pines and Cherry Grove as quickly and equitably as possible. Through your continued partnership, we will confront the monkeypox outbreak, secure more vaccines, expand testing capacity, and educate the public.

I look forward to continuing our important work together.

Sincerely,

Kathy Hochul
